Subject: Response to the Notice of Non-Compliant Amendment dated July 28, 2008

Ref: PCT/CA2005/001537: System and Method of Parallel Loadflow Calculation for Electrical Power System (**US application no. 10/594715**)

Dear Sir/Madam,

Enclosed please find:

1. Amendment copy of 7-figurs in 10-sheets of my application no. PCT/CA2005/0015372 (US application no. **10/594715**). First 9-sheets are identified in top margin as "Replacement Sheet" and the last-sheet is identified in top margin as "New Sheet".
2. 9-amended claims presented in ascending numerical order, and which are provided with status identifiers. Added claims cannot begin with claim 6, because claims 3 and 4 of original 5 claims are canceled. Therefore added claims are from claims 4 to 9.

Claim-1: (Currently amended)
Claim-2: (Currently amended)
Claim-3: (Currently amended)
Claims-4 to 9: (Added claims)

This correction is being provided in response to the **Non-Compliant Amendment Notice** dated July 28, 2008 by examiner Mr. Barlow, John E Jr

Hope, this will meet the requirements at USPTO.

Sincerely,

Total pages: 10 (figures) + 6 (claims pages 31 to 36) + 1 (cover sheet) = 17-pages
